The case manager is responsible for developing the individual ~~assessment summary~~ community support plan based on a diagnostic assessment and a functional assessment and for implementing and monitoring the delivery of services according to the individual ~~assessment summary~~ community support plan. To the extent possible, the adult with serious and persistent mental illness, the person's family, advocates, service providers, and significant others must be involved in all phases of development and implementation of the individual ~~or family assessment summary~~ community support plan.

(b) The client's individual ~~assessment summary~~ community support plan must state:

Any adult whose request for mental health services under sections 245.461 to 245.486 is denied, not acted upon with reasonable promptness, or whose services are suspended, reduced, or terminated by action or inaction for which the county board is responsible under sections 245.461 to 245.486 may contest that action or inaction before the state agency as specified in section 256.045. The commissioner shall monitor the nature and frequency of administrative appeals under this section.

Subd. 2. **Failure to maintain expenditures.** (a) If a county does not comply with subdivision 1, the commissioner shall require the county to develop a corrective action plan according to a format and timeline established by the commissioner. If the commissioner determines that a county has not developed an acceptable corrective action plan within the required timeline, or that the county is not in compliance with an approved corrective action plan, the protections provided to that county under section 245.485 do not apply.

(b) The commissioner shall consider the following factors to determine whether to approve a county's corrective action plan:

(1) the degree to which a county is maximizing revenues for mental health services from noncounty sources;

(2) the degree to which a county is expanding use of alternative services that meet mental health needs, but do not count as mental health services within existing reporting systems. If approved by the commissioner, the alternative services must be included in the county's base as well as subsequent years. The commissioner's approval for alternative services must be based on the following criteria:

(i) the service must be provided to children with emotional disturbance or adults with mental illness;

(ii) the services must be based on an individual treatment plan or individual ~~assessment summary~~ community support plan as defined in the Comprehensive Mental Health Act; and

(iii) the services must be supervised by a mental health professional and provided by staff who meet the staff qualifications defined in sections 256B.0943, subdivision 7, and 256B.0623, subdivision 5.

(c) Additional county expenditures to make up for the prior year's underspending may be spread out over a two-year period.

Sec. 9. Minnesota Statutes 2022, section 245.4871, subdivision 3, is amended to read:

Subd. 3. **Case management services.** "Case management services" means activities that are coordinated with the family community support services and are designed to help the child with severe emotional disturbance and the child's family obtain needed mental health services, social services, educational services, health services, vocational services, recreational services, and related services in the areas of volunteer services, advocacy, transportation, and legal services. Case management services include assisting in obtaining a comprehensive diagnostic assessment, developing an individual family ~~assessment summary~~ community support plan, and assisting the child and the child's family in obtaining needed services by coordination with other agencies and assuring continuity of care. Case managers must assess and reassess the delivery, appropriateness, and effectiveness of services over time.

Sec. 10. Minnesota Statutes 2022, section 245.4871, subdivision 19, is amended to read:

Subd. 19. **Individual family ~~assessment summary~~ community support plan.** "Individual family ~~assessment summary~~ community support plan" means a written plan developed by a case manager in conjunction with the family and the child with severe emotional disturbance on the basis of a diagnostic assessment and a functional assessment. The plan identifies specific services needed by a child and the child's family to:

(1) treat the symptoms and dysfunctions determined in the diagnostic assessment;

(2) relieve conditions leading to emotional disturbance and improve the personal well-being of the child;

(3) improve family functioning;

(4) enhance daily living skills;

(5) improve functioning in education and recreation settings;

Subd. 4. **Individual case coordination.** The case manager designated under section 245.4881 is responsible for ongoing coordination with any other person responsible for planning, development, and delivery of social services, education, corrections, health, or

vocational services for the individual child. The individual family ~~assessment summary~~ community support plan developed by the case manager shall reflect the coordination among the local service system providers.

Sec. 12. Minnesota Statutes 2022, section 245.4881, subdivision 3, is amended to read:

Subd. 3. **Duties of case manager.** (a) Upon a determination of eligibility for case management services, the case manager shall develop an individual family ~~assessment summary~~ community support plan for a child as specified in subdivision 4, review the child's progress, and monitor the provision of services. If services are to be provided in a host county that is not the county of financial responsibility, the case manager shall consult with the host county and obtain a letter demonstrating the concurrence of the host county regarding the provision of services.

(b) The case manager shall note in the child's record the services needed by the child and the child's family, the services requested by the family, services that are not available, and the unmet needs of the child and child's family. The case manager shall note this provision in the child's record.

Sec. 13. Minnesota Statutes 2022, section 245.4881, subdivision 4, is amended to read:

Subd. 4. **Individual family ~~assessment summary~~ community support plan.** (a) For each child, the case manager must develop an individual family ~~assessment summary~~ community support plan that incorporates the child's individual treatment plan. The individual treatment plan may not be a substitute for the development of an individual family ~~assessment summary~~ community support plan. The case manager is responsible for developing the individual family ~~assessment summary~~ community support plan within 30 days of intake based on a diagnostic assessment and for implementing and monitoring the delivery of services according to the individual family ~~assessment summary~~ community support plan. The case manager must review the plan at least every 180 calendar days after it is developed, unless the case manager has received a written request from the child's family or an advocate for the child for a review of the plan every 90 days after it is developed. To the extent appropriate, the child with severe emotional disturbance, the child's family, advocates, service providers, and significant others must be involved in all phases of development and implementation of the individual family ~~assessment summary~~ community support plan. Notwithstanding the lack of an individual family ~~assessment summary~~ community support plan, the case manager shall assist the child and child's family in accessing the needed services listed in section 245.4884, subdivision 1.

(b) The child's individual family ~~assessment summary~~ community support plan must state:

(1) the goals and expected outcomes of each service and criteria for evaluating the effectiveness and appropriateness of the service;

(2) the activities for accomplishing each goal;

(3) a schedule for each activity; and

(4) the frequency of face-to-face contacts by the case manager, as appropriate to client need and the implementation of the individual family ~~assessment summary~~ community support plan.

Sec. 14. Minnesota Statutes 2022, section 245.4885, subdivision 1, is amended to read:

Subdivision 1. **Admission criteria.** (a) Prior to admission or placement, except in the case of an emergency, all children referred for treatment of severe emotional disturbance in a treatment foster care setting, residential treatment facility, or informally admitted to a regional treatment center shall undergo an assessment to determine the appropriate level of care if county funds are used to pay for the child's services. An emergency includes when a child is in need of and has been referred for crisis stabilization services under section 245.4882, subdivision 6. A child who has been referred to residential treatment for crisis stabilization services in a residential treatment center is not required to undergo an assessment under this section.

(b) The county board shall determine the appropriate level of care for a child when county-controlled funds are used to pay for the child's residential treatment under this chapter, including residential treatment provided in a qualified residential treatment program as defined in section 260C.007, subdivision 26d. When a county board does not have responsibility for a child's placement and the child is enrolled in a prepaid health program under section 256B.69, the enrolled child's contracted health plan must determine the appropriate level of care for the child. When Indian Health Services funds or funds of a tribally owned facility funded under the Indian Self-Determination and Education Assistance Act, Public Law 93-638, are used for the child, the Indian Health Services or 638 tribal health facility must determine the appropriate level of care for the child. When more than one entity bears responsibility for a child's coverage, the entities shall coordinate level of care determination activities for the child to the extent possible.

(c) The child's level of care determination shall determine whether the proposed treatment:

(1) is necessary;

(2) is appropriate to the child's individual treatment needs;

(3) cannot be effectively provided in the child's home; and

(4) provides a length of stay as short as possible consistent with the individual child's needs.

(d) When a level of care determination is conducted, the county board or other entity may not determine that a screening of a child, referral, or admission to a residential treatment facility is not appropriate solely because services were not first provided to the child in a less restrictive setting and the child failed to make progress toward or meet treatment goals in the less restrictive setting. The level of care determination must be based on a diagnostic assessment of a child that evaluates the child's family, school, and community living situations; and an assessment of the child's need for care out of the home using a validated tool which assesses a child's functional status and assigns an appropriate level of care to the child. The validated tool must be approved by the commissioner of human services and may be the validated tool approved for the child's assessment under section 260C.704 if the juvenile treatment screening team recommended placement of the child in a qualified residential treatment program. If a diagnostic assessment has been completed by a mental health professional within the past 180 days, a new diagnostic assessment need not be completed unless in the opinion of the current treating mental health professional the child's mental health status has changed markedly since the assessment was completed. The child's parent shall be notified if an assessment will not be completed and of the reasons. A copy of the notice shall be placed in the child's file. Recommendations developed as part of the level of care determination process shall include specific community services needed by the child and, if appropriate, the child's family, and shall indicate whether these services are available and accessible to the child and the child's family. The child and the child's family must be invited to any meeting where the level of care determination is discussed and decisions regarding residential treatment are made. The child and the child's family may invite other relatives, friends, or advocates to attend these meetings.

(e) During the level of care determination process, the child, child's family, or child's legal representative, as appropriate, must be informed of the child's eligibility for case management services and family community support services and that an individual family ~~assessment summary~~ community support plan is being developed by the case manager, if assigned.

(f) The level of care determination, placement decision, and recommendations for mental health services must be documented in the child's record and made available to the child's family, as appropriate.

Sec. 15. Minnesota Statutes 2022, section 245.4887, is amended to read:

245.4887 APPEALS.

A child or a child's family, as appropriate, who requests mental health services under sections 245.487 to 245.4889 must be advised of services available and the right to appeal as described in this section at the time of the request and each time the individual family ~~assessment summary~~ community support plan or individual treatment plan is reviewed. A child whose request for mental health services under sections 245.487 to 245.4889 is denied, not acted upon with reasonable promptness, or whose services are suspended, reduced, or terminated by action or inaction for which the county board is responsible under sections 245.487 to 245.4889 may contest that action or inaction before the state agency according to section 256.045. The commissioner shall monitor the nature and frequency of administrative appeals under this section.

Sec. 16. **[245.4903] CULTURAL AND ETHNIC MINORITY INFRASTRUCTURE GRANT PROGRAM.**

Subdivision 1. **Establishment.** The commissioner of human services shall establish a cultural and ethnic minority infrastructure grant program to ensure that mental health and substance use disorder treatment supports and services are culturally specific and culturally responsive to meet the cultural needs of the communities served.

Subd. 2. **Eligible applicants.** An eligible applicant is a licensed entity or provider from a cultural or ethnic minority population who:

(3) has the capacity and experience to provide training for mental health and substance use disorder treatment providers on cultural competency and cultural humility.

Subd. 2. **Allowable grant activities.** (a) The cultural and ethnic minority infrastructure grant program grantees must engage in activities and provide supportive services to ensure and increase equitable access to culturally specific and responsive care and to build organizational and professional capacity for licensure and certification for the communities served. Allowable grant activities include but are not limited to:

(1) workforce development activities focused on recruiting, supporting, training, and supervision activities for mental health and substance use disorder practitioners and professionals from diverse racial, cultural, and ethnic communities;

(4) provision of trauma-informed, culturally responsive mental health and substance use disorder supports and services for children and families, youth, or adults who are from cultural and ethnic minority backgrounds and are uninsured or underinsured;

(5) mental health and substance use disorder service expansion and infrastructure improvement activities, particularly in greater Minnesota;

(6) training for mental health and substance use disorder treatment providers on cultural competency and cultural humility; and

(7) activities to increase the availability of culturally responsive mental health and substance use disorder services for children and families, youth, or adults or to increase the availability of substance use disorder services for individuals from cultural and ethnic minorities in the state.

(b) The commissioner must assist grantees with meeting third-party credentialing requirements, and grantees must obtain all available third-party reimbursement sources as a condition of receiving grant funds. Grantees must serve individuals from cultural and ethnic minority communities regardless of health coverage status or ability to pay.

Subd. 3. **Data collection and outcomes.** Grantees must provide regular data summaries to the commissioner for purposes of evaluating the effectiveness of the cultural and ethnic minority infrastructure grant program. The commissioner must use identified culturally

appropriate outcome measures instruments to evaluate outcomes and must evaluate program activities by analyzing whether the program:

(1) increased access to culturally specific services for individuals from cultural and ethnic minority communities across the state;

(2) increased the number of individuals from cultural and ethnic minority communities served by grantees;

(3) increased cultural responsiveness and cultural competency of mental health and substance use disorder treatment providers;

(4) increased the number of mental health and substance use disorder treatment providers and clinical supervisors from cultural and ethnic minority communities;

Sec. 21. Minnesota Statutes 2022, section 245A.03, subdivision 7, is amended to read:

Subd. 7. **Licensing moratorium.** (a) The commissioner shall not issue an initial license for child foster care licensed under Minnesota Rules, parts 2960.3000 to 2960.3340, or adult foster care licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, under this chapter for a physical location that will not be the primary residence of the license holder for the entire period of licensure. If a family child foster care home or family adult foster care home license is issued during this moratorium, and the license holder changes the license holder's primary residence away from the physical location of the foster care license, the commissioner shall revoke the license according to section 245A.07. The commissioner shall not issue an initial license for a community residential setting licensed under chapter 245D. When approving an exception under this paragraph, the commissioner shall consider the resource need determination process in paragraph (h), the availability of foster care licensed beds in the geographic area in which the licensee seeks to operate, the results of a person's choices during their annual assessment and service plan review, and the recommendation of the local county board. The determination by the commissioner is final and not subject to appeal. Exceptions to the moratorium include:

(1) ~~foster care settings~~ a license for a person in a foster care setting that is not the primary residence of the license holder and where at least 80 percent of the residents are 55 years of age or older;

(2) foster care licenses replacing foster care licenses in existence on May 15, 2009, or community residential setting licenses replacing adult foster care licenses in existence on December 31, 2013, and determined to be needed by the commissioner under paragraph (b);

(3) new foster care licenses or community residential setting licenses determined to be needed by the commissioner under paragraph (b) for the closure of a nursing facility, ICF/DD, or regional treatment center; restructuring of state-operated services that limits the capacity of state-operated facilities; or allowing movement to the community for people who no longer require the level of care provided in state-operated facilities as provided under section 256B.092, subdivision 13, or 256B.49, subdivision 24;

(4) new foster care licenses or community residential setting licenses determined to be needed by the commissioner under paragraph (b) for persons requiring hospital-level care; or

(5) new foster care licenses or community residential setting licenses for people receiving customized living or 24-hour customized living services under the brain injury or community access for disability inclusion waiver plans under section 256B.49 and residing in the customized living setting before July 1, 2022, for which a license is required. A customized living service provider subject to this exception may rebut the presumption that a license is required by seeking a reconsideration of the commissioner's determination. The commissioner's disposition of a request for reconsideration is final and not subject to appeal under chapter 14. The exception is available until June 30, 2023. This exception is available when:

(i) the person's customized living services are provided in a customized living service setting serving four or fewer people under the brain injury or community access for disability inclusion waiver plans under section 256B.49 in a single-family home operational on or before June 30, 2021. Operational is defined in section 256B.49, subdivision 28;

(ii) the person's case manager provided the person with information about the choice of service, service provider, and location of service, including in the person's home, to help the person make an informed choice; and

(iii) the person's services provided in the licensed foster care or community residential setting are less than or equal to the cost of the person's services delivered in the customized living setting as determined by the lead agency.

(b) The commissioner shall determine the need for newly licensed foster care homes or community residential settings as defined under this subdivision. As part of the determination, the commissioner shall consider the availability of foster care capacity in the area in which the licensee seeks to operate, and the recommendation of the local county board. The determination by the commissioner must be final. A determination of need is not required for a change in ownership at the same address.

(c) When an adult resident served by the program moves out of a foster home that is not the primary residence of the license holder according to section 256B.49, subdivision 15, paragraph (f), or the adult community residential setting, the county shall immediately inform the Department of Human Services Licensing Division. The department may decrease the statewide licensed capacity for adult foster care settings.

(d) Residential settings that would otherwise be subject to the decreased license capacity established in paragraph (c) shall be exempt if the license holder's beds are occupied by residents whose primary diagnosis is mental illness and the license holder is certified under the requirements in subdivision 6a or section 245D.33.

(e) A resource need determination process, managed at the state level, using the available data required by section 144A.351, and other data and information shall be used to determine where the reduced capacity determined under section 256B.493 will be implemented. The commissioner shall consult with the stakeholders described in section 144A.351, and employ a variety of methods to improve the state's capacity to meet the informed decisions of those people who want to move out of corporate foster care or community residential settings, long-term service needs within budgetary limits, including seeking proposals from service providers or lead agencies to change service type, capacity, or location to improve services, increase the independence of residents, and better meet needs identified by the long-term services and supports reports and statewide data and information.

(f) At the time of application and reapplication for licensure, the applicant and the license holder that are subject to the moratorium or an exclusion established in paragraph (a) are required to inform the commissioner whether the physical location where the foster care will be provided is or will be the primary residence of the license holder for the entire period of licensure. If the primary residence of the applicant or license holder changes, the applicant or license holder must notify the commissioner immediately. The commissioner shall print

on the foster care license certificate whether or not the physical location is the primary residence of the license holder.

(g) License holders of foster care homes identified under paragraph (f) that are not the primary residence of the license holder and that also provide services in the foster care home that are covered by a federally approved home and community-based services waiver, as authorized under chapter 256S or section 256B.092 or 256B.49, must inform the human services licensing division that the license holder provides or intends to provide these waiver-funded services.

(h) The commissioner may adjust capacity to address needs identified in section 144A.351. Under this authority, the commissioner may approve new licensed settings or delicense existing settings. Delicensing of settings will be accomplished through a process identified in section 256B.493.

(i) The commissioner must notify a license holder when its corporate foster care or community residential setting licensed beds are reduced under this section. The notice of reduction of licensed beds must be in writing and delivered to the license holder by certified mail or personal service. The notice must state why the licensed beds are reduced and must inform the license holder of its right to request reconsideration by the commissioner. The license holder's request for reconsideration must be in writing. If mailed, the request for reconsideration must be postmarked and sent to the commissioner within 20 calendar days after the license holder's receipt of the notice of reduction of licensed beds. If a request for reconsideration is made by personal service, it must be received by the commissioner within 20 calendar days after the license holder's receipt of the notice of reduction of licensed beds.

(j) The commissioner shall not issue an initial license for children's residential treatment services licensed under Minnesota Rules, parts 2960.0580 to 2960.0700, under this chapter for a program that Centers for Medicare and Medicaid Services would consider an institution for mental diseases. Facilities that serve only private pay clients are exempt from the moratorium described in this paragraph. The commissioner has the authority to manage existing statewide capacity for children's residential treatment services subject to the moratorium under this paragraph and may issue an initial license for such facilities if the initial license would not increase the statewide capacity for children's residential treatment services subject to the moratorium under this paragraph.

EFFECTIVE DATE. This section is effective the day following final enactment.

(c) A license holder requesting a variance under this subdivision to utilize technology as a component of a plan for alternative overnight supervision may request the commissioner's review in the absence of a county recommendation. Upon receipt of such a request from a license holder, the commissioner shall review the variance request with the county.

~~(d) A variance granted by the commissioner according to this subdivision before January 1, 2014, to a license holder for an adult foster care home must transfer with the license when the license converts to a community residential setting license under chapter 245D. The terms and conditions of the variance remain in effect as approved at the time the variance was granted.~~

Subd. 12b. **Department of Human Services systemic critical incident review team.** (a) The commissioner may establish a Department of Human Services systemic critical incident review team to review critical incidents reported as required under section 626.557 for which the Department of Human Services is responsible under section 626.5572, subdivision 13; chapter 245D; or Minnesota Rules, chapter 9544. When reviewing a critical incident, the systemic critical incident review team shall identify systemic influences to the incident rather than determine the culpability of any actors involved in the incident. The systemic critical incident review may assess the entire critical incident process from the point of an entity reporting the critical incident through the ongoing case management process. Department staff shall lead and conduct the reviews and may utilize county staff as reviewers. The systemic critical incident review process may include but is not limited to:

(1) data collection about the incident and actors involved. Data may include the relevant critical services; the service provider's policies and procedures applicable to the incident; the coordinated service and support plan as defined in section 245D.02, subdivision 4b, for the person receiving services; or an interview of an actor involved in the critical incident or the review of the critical incident. Actors may include:

(i) staff of the provider agency;

(ii) lead agency staff administering home and community-based services delivered by the provider;

(iii) Department of Human Services staff with oversight of home and community-based services;

(iv) Department of Health staff with oversight of home and community-based services;

(v) members of the community including advocates, legal representatives, health care providers, pharmacy staff, or others with knowledge of the incident or the actors in the incident; and

(vi) staff from the Office of the Ombudsman for Mental Health and Developmental Disabilities;

(2) systemic mapping of the critical incident. The team conducting the systemic mapping of the incident may include any actors identified in clause (1), designated representatives of other provider agencies, regional teams, and representatives of the local regional quality council identified in section 256B.097; and

(3) analysis of the case for systemic influences.

Data collected by the critical incident review team shall be aggregated and provided to regional teams, participating regional quality councils, and the commissioner. The regional teams and quality councils shall analyze the data and make recommendations to the commissioner regarding systemic changes that would decrease the number and severity of critical incidents in the future or improve the quality of the home and community-based service system.

The department may select cases for systemic critical incident review, under the jurisdiction of the commissioner, reported for suspected maltreatment and closed following initial or final disposition.

(d) The proceedings and records of the review team are confidential data on individuals or protected nonpublic data as defined in section 13.02, subdivisions 3 and 13. Data that document a person's opinions formed as a result of the review are not subject to discovery

or introduction into evidence in a civil or criminal action against a professional, the state, or a county agency arising out of the matters that the team is reviewing. Information, documents, and records otherwise available from other sources are not immune from discovery or use in a civil or criminal action solely because the information, documents, and records were assessed or presented during proceedings of the review team. A person who presented information before the systemic critical incident review team or who is a member of the team shall not be prevented from testifying about matters within the person's knowledge. In a civil or criminal proceeding, a person shall not be questioned about opinions formed by the person as a result of the review.

(e) By October 1 of each year, the commissioner shall prepare an annual public report containing the following information:

(1) the number of cases reviewed under each critical incident category identified in paragraph (b) and a geographical description of where cases under each category originated;

(2) an aggregate summary of the systemic themes from the critical incidents examined by the critical incident review team during the previous year;

(3) a synopsis of the conclusions, incident analyses, or exploratory activities taken in regard to the critical incidents examined by the critical incident review team; and

Sec. 41. Minnesota Statutes 2022, section 524.5-313, is amended to read:

524.5-313 POWERS AND DUTIES OF GUARDIAN.

(a) A guardian shall be subject to the control and direction of the court at all times and in all things.

(b) The court shall grant to a guardian only those powers necessary to provide for the demonstrated needs of the person subject to guardianship.

(c) The court may appoint a guardian if it determines that all the powers and duties listed in this section are needed to provide for the needs of the incapacitated person. The court may also appoint a guardian if it determines that a guardian is needed to provide for the needs of the incapacitated person through the exercise of some, but not all, of the powers and duties listed in this section. The duties and powers of a guardian or those which the court may grant to a guardian include, but are not limited to:

(1) the power to have custody of the person subject to guardianship and the power to establish a place of abode within or outside the state, except as otherwise provided in this clause. The person subject to guardianship or any interested person may petition the court to prevent or to initiate a change in abode. A person subject to guardianship may not be admitted to a regional treatment center by the guardian except:

(i) after a hearing under chapter 253B;

(ii) for outpatient services; or

(iii) for the purpose of receiving temporary care for a specific period of time not to exceed 90 days in any calendar year;

(2) the duty to provide for the care, comfort, and maintenance needs of the person subject to guardianship, including food, clothing, shelter, health care, social and recreational requirements, and, whenever appropriate, training, education, and habilitation or rehabilitation. The guardian has no duty to pay for these requirements out of personal funds. Whenever possible and appropriate, the guardian should meet these requirements through governmental benefits or services to which the person subject to guardianship is entitled, rather than from the estate of the person subject to guardianship. Failure to satisfy the needs

and requirements of this clause shall be grounds for removal of a private guardian, but the guardian shall have no personal or monetary liability;

(3) the duty to take reasonable care of the clothing, furniture, vehicles, and other personal effects of the person subject to guardianship, and, if other property requires protection, the power to seek appointment of a conservator of the estate. The guardian must give notice by mail to interested persons prior to the disposition of the clothing, furniture, vehicles, or other personal effects of the person subject to guardianship. The notice must inform the person of the right to object to the disposition of the property within ten days of the date of mailing and to petition the court for a review of the guardian's proposed actions. Notice of the objection must be served by mail or personal service on the guardian and the person subject to guardianship unless the person subject to guardianship is the objector. The guardian served with notice of an objection to the disposition of the property may not dispose of the property unless the court approves the disposition after a hearing;

(4)(i) the power to give any necessary consent to enable the person subject to guardianship to receive necessary medical or other professional care, counsel, treatment, or service, except that no guardian may give consent for psychosurgery, electroshock, sterilization, or experimental treatment of any kind unless the procedure is first approved by order of the court as provided in this clause. The guardian shall not consent to any medical care for the person subject to guardianship which violates the known conscientious, religious, or moral belief of the person subject to guardianship;

(ii) a guardian who believes a procedure described in item (i) requiring prior court approval to be necessary for the proper care of the person subject to guardianship, shall petition the court for an order and, in the case of a public guardianship under chapter 252A, obtain the written recommendation of the commissioner of human services. The court shall fix the time and place for the hearing and shall give notice to the person subject to guardianship in such manner as specified in section 524.5-308 and to interested persons. The court shall appoint an attorney to represent the person subject to guardianship who is not represented by counsel, provided that such appointment shall expire upon the expiration of the appeal time for the order issued by the court under this section or the order dismissing a petition, or upon such other time or event as the court may direct. In every case the court shall determine if the procedure is in the best interest of the person subject to guardianship. In making its determination, the court shall consider a written medical report which specifically considers the medical risks of the procedure, whether alternative, less restrictive methods of treatment could be used to protect the best interest of the person subject to

guardianship, and any recommendation of the commissioner of human services for a public person subject to guardianship. The standard of proof is that of clear and convincing evidence;

(iii) in the case of a petition for sterilization of a person with developmental disabilities subject to guardianship, the court shall appoint a licensed physician, a psychologist who is qualified in the diagnosis and treatment of developmental disability, and a social worker who is familiar with the social history and adjustment of the person subject to guardianship or the case manager for the person subject to guardianship to examine or evaluate the person subject to guardianship and to provide written reports to the court. The reports shall indicate why sterilization is being proposed, whether sterilization is necessary and is the least intrusive method for alleviating the problem presented, and whether it is in the best interest of the person subject to guardianship. The medical report shall specifically consider the medical risks of sterilization, the consequences of not performing the sterilization, and whether alternative methods of contraception could be used to protect the best interest of the person subject to guardianship;

(iv) any person subject to guardianship whose right to consent to a sterilization has not been restricted under this section or section 252A.101 may be sterilized only if the person subject to guardianship consents in writing or there is a sworn acknowledgment by an interested person of a nonwritten consent by the person subject to guardianship. The consent must certify that the person subject to guardianship has received a full explanation from a physician or registered nurse of the nature and irreversible consequences of the sterilization;

(v) a guardian or the public guardian's designee who acts within the scope of authority conferred by letters of guardianship under section 252A.101, subdivision 7, and according to the standards established in this chapter or in chapter 252A shall not be civilly or criminally liable for the provision of any necessary medical care, including, but not limited to, the administration of psychotropic medication or the implementation of aversive and deprivation procedures to which the guardian or the public guardian's designee has consented;

(5) in the event there is no duly appointed conservator of the estate of the person subject to guardianship, the guardian shall have the power to approve or withhold approval of any contract, except for necessities, which the person subject to guardianship may make or wish to make;

(6) the duty and power to exercise supervisory authority over the person subject to guardianship in a manner which limits civil rights and restricts personal freedom only to the extent necessary to provide needed care and services. A guardian may not restrict the ability of the person subject to guardianship to communicate, visit, or interact with others,

including receiving visitors or making or receiving telephone calls, personal mail, or electronic communications including through social media, or participating in social activities, unless the guardian has good cause to believe restriction is necessary because interaction with the person poses a risk of significant physical, psychological, or financial harm to the person subject to guardianship, and there is no other means to avoid such significant harm. In all cases, the guardian shall provide written notice of the restrictions imposed to the court, to the person subject to guardianship, and to the person subject to restrictions. The person subject to guardianship or the person subject to restrictions may petition the court to remove or modify the restrictions;

(7) if there is no acting conservator of the estate for the person subject to guardianship, the guardian has the power to apply on behalf of the person subject to guardianship for any assistance, services, or benefits available to the person subject to guardianship through any unit of government;

(8) unless otherwise ordered by the court, the person subject to guardianship retains the right to vote;

(9) the power to establish an ABLE account for a person subject to guardianship or conservatorship. By this provision a guardian only has the authority to establish an ABLE account, but may not administer the ABLE account in the guardian's capacity as guardian. The guardian may appoint or name a person to exercise signature authority over an ABLE account, including the individual selected by the eligible individual or the eligible individual's agent under a power of attorney; conservator; spouse; parent; sibling; grandparent; or representative payee, whether an individual or organization, appointed by the SSA, in that order; and

(10) if there is no conservator appointed for the person subject to guardianship, the guardian has the duty and power to institute suit on behalf of the person subject to guardianship and represent the person subject to guardianship in expungement proceedings, harassment proceedings, and all civil court proceedings, including but not limited to restraining orders, orders for protection, name changes, conciliation court, housing court, family court, probate court, and juvenile court, provided that a guardian may not settle or compromise any claim or debt owed to the estate without court approval.

The court shall state the reasons for its determination in writing, on the record, and shall respond specifically to the findings and recommendation of the screening team in explaining why the recommendation was rejected. residential care and supportive services to children and youth who have been or are at risk of becoming victims of sex trafficking or commercial sexual exploitation; (3) supervised settings for youth who are 18 years of age or older and living independently; or (4) a licensed residential family-based treatment facility for substance abuse consistent with section 260C.190. Screenings are also not required when a child must be placed in a facility due to an emotional crisis or other mental health emergency.

(b) The responsible social services agency shall conduct screenings within 15 days of a request for a screening, unless the screening is for the purpose of residential treatment and the child is enrolled in a prepaid health program under section 256B.69, in which case the agency shall conduct the screening within ten working days of a request. The responsible social services agency shall convene the juvenile treatment screening team, which may be constituted under section 245.4885, 254B.05, or 256B.092 ~~or Minnesota Rules, parts 9530.6600 to 9530.6655~~. The team may include the child's relatives as defined in section 260C.007, subdivisions 26b and 27, the child's foster care provider, and professionals who are a resource to the child's family such as teachers, medical or mental health providers, and clergy, as appropriate, consistent with the family and permanency team as defined in section 260C.007, subdivision 16a. Prior to forming the team, the responsible social services agency must consult with the child's parents, the child if the child is age 14 or older, and, if applicable, the child's tribe to obtain recommendations regarding which individuals to include on the team and to ensure that the team is family-centered and will act in the child's best interests. If the child, child's parents, or legal guardians raise concerns about specific relatives or professionals, the team should not include those individuals. This provision does not apply to paragraph (c).

(c) If the agency provides notice to tribes under section 260.761, and the child screened is an Indian child, the responsible social services agency must make a rigorous and concerted effort to include a designated representative of the Indian child's tribe on the juvenile treatment screening team, unless the child's tribal authority declines to appoint a representative. The Indian child's tribe may delegate its authority to represent the child to any other federally recognized Indian tribe, as defined in section 260.755, subdivision 12. The provisions of the Indian Child Welfare Act of 1978, United States Code, title 25, sections 1901 to 1963, and the Minnesota Indian Family Preservation Act, sections 260.751 to 260.835, apply to this section.

(d) If the court, prior to, or as part of, a final disposition or other court order, proposes to place a child with an emotional disturbance or developmental disability or related condition in residential treatment, the responsible social services agency must conduct a screening. If the team recommends treating the child in a qualified residential treatment program, the agency must follow the requirements of sections 260C.70 to 260C.714.

The court shall ascertain whether the child is an Indian child and shall notify the responsible social services agency and, if the child is an Indian child, shall notify the Indian child's tribe as paragraph (c) requires.

(e) When the responsible social services agency is responsible for placing and caring for the child and the screening team recommends placing a child in a qualified residential treatment program as defined in section 260C.007, subdivision 26d, the agency must: (1) begin the assessment and processes required in section 260C.704 without delay; and (2) conduct a relative search according to section 260C.221 to assemble the child's family and permanency team under section 260C.706. Prior to notifying relatives regarding the family and permanency team, the responsible social services agency must consult with the child's parent or legal guardian, the child if the child is age 14 or older, and, if applicable, the child's tribe to ensure that the agency is providing notice to individuals who will act in the child's best interests. The child and the child's parents may identify a culturally competent qualified individual to complete the child's assessment. The agency shall make efforts to refer the assessment to the identified qualified individual. The assessment may not be delayed for the purpose of having the assessment completed by a specific qualified individual.

(f) When a screening team determines that a child does not need treatment in a qualified residential treatment program, the screening team must:

(1) document the services and supports that will prevent the child's foster care placement and will support the child remaining at home;

(2) document the services and supports that the agency will arrange to place the child in a family foster home; or

(3) document the services and supports that the agency has provided in any other setting.

(g) When the Indian child's tribe or tribal health care services provider or Indian Health Services provider proposes to place a child for the primary purpose of treatment for an emotional disturbance, a developmental disability, or co-occurring emotional disturbance and chemical dependency, the Indian child's tribe or the tribe delegated by the child's tribe shall submit necessary documentation to the county juvenile treatment screening team, which must invite the Indian child's tribe to designate a representative to the screening team.

If the child subject of birth match data is determined to be safe, the agency shall consult with the county attorney to determine the appropriateness of filing a petition alleging the child is in need of protection or services under section 260C.007, subdivision 6, clause (16), in order to deliver needed services. If the child is determined not to be safe, the agency and the county attorney shall take appropriate action as required under section 260C.503, subdivision 2.

ARTICLE 5
HEALTH CARE

Section 1. Minnesota Statutes 2022, section 256B.056, is amended by adding a subdivision to read:

Subd. 5d. **Medical assistance room and board rate.** "Medical assistance room and board rate" means an amount equal to 81 percent of the federal poverty guideline for a single individual living alone in the community less the medical assistance personal needs allowance under section 256B.35. The amount of the room and board rate, as defined in section 256I.03, subdivision 2, that exceeds the medical assistance room and board rate is considered a remedial care cost. A remedial care cost may be used to meet a spenddown obligation under this section. The medical assistance room and board rate is to be adjusted on January 1 of each year.

Sec. 2. Minnesota Statutes 2022, section 256B.0622, subdivision 8, is amended to read:

Subd. 8. **Medical assistance payment for assertive community treatment and intensive residential treatment services.** (a) Payment for intensive residential treatment services and assertive community treatment in this section shall be based on one daily rate

per provider inclusive of the following services received by an eligible client in a given calendar day: all rehabilitative services under this section, staff travel time to provide rehabilitative services under this section, and nonresidential crisis stabilization services under section 256B.0624.

(b) Except as indicated in paragraph (c), payment will not be made to more than one entity for each client for services provided under this section on a given day. If services under this section are provided by a team that includes staff from more than one entity, the team must determine how to distribute the payment among the members.

(c) The commissioner shall determine one rate for each provider that will bill medical assistance for residential services under this section and one rate for each assertive community treatment provider. If a single entity provides both services, one rate is established for the entity's residential services and another rate for the entity's nonresidential services under this section. A provider is not eligible for payment under this section without authorization from the commissioner. The commissioner shall develop rates using the following criteria:

(1) the provider's cost for services shall include direct services costs, other program costs, and other costs determined as follows:

(i) the direct services costs must be determined using actual costs of salaries, benefits, payroll taxes, and training of direct service staff and service-related transportation;

(ii) other program costs not included in item (i) must be determined as a specified percentage of the direct services costs as determined by item (i). The percentage used shall be determined by the commissioner based upon the average of percentages that represent the relationship of other program costs to direct services costs among the entities that provide similar services;

(iii) physical plant costs calculated based on the percentage of space within the program that is entirely devoted to treatment and programming. This does not include administrative or residential space;

(iv) assertive community treatment physical plant costs must be reimbursed as part of the costs described in item (ii); and

(v) subject to federal approval, up to an additional five percent of the total rate may be added to the program rate as a quality incentive based upon the entity meeting performance criteria specified by the commissioner;

(2) actual cost is defined as costs which are allowable, allocable, and reasonable, and consistent with federal reimbursement requirements under Code of Federal Regulations,

title 48, chapter 1, part 31, relating to for-profit entities, and Office of Management and Budget Circular Number A-122, relating to nonprofit entities;

(3) the number of service units;

(4) the degree to which clients will receive services other than services under this section; and

(5) the costs of other services that will be separately reimbursed.

(d) The rate for intensive residential treatment services and assertive community treatment must exclude the medical assistance room and board rate, as defined in section ~~256I.03, subdivision 6~~ 256B.056, subdivision 5d, and services not covered under this section, such as partial hospitalization, home care, and inpatient services.

(e) Physician services that are not separately billed may be included in the rate to the extent that a psychiatrist, or other health care professional providing physician services within their scope of practice, is a member of the intensive residential treatment services treatment team. Physician services, whether billed separately or included in the rate, may be delivered by telehealth. For purposes of this paragraph, "telehealth" has the meaning given to "mental health telehealth" in section 256B.0625, subdivision 46, when telehealth is used to provide intensive residential treatment services.

(f) When services under this section are provided by an assertive community treatment provider, case management functions must be an integral part of the team.

(g) The rate for a provider must not exceed the rate charged by that provider for the same service to other payors.

(h) The rates for existing programs must be established prospectively based upon the expenditures and utilization over a prior 12-month period using the criteria established in paragraph (c). The rates for new programs must be established based upon estimated expenditures and estimated utilization using the criteria established in paragraph (c).

(i) Entities who discontinue providing services must be subject to a settle-up process whereby actual costs and reimbursement for the previous 12 months are compared. In the event that the entity was paid more than the entity's actual costs plus any applicable performance-related funding due the provider, the excess payment must be reimbursed to the department. If a provider's revenue is less than actual allowed costs due to lower utilization than projected, the commissioner may reimburse the provider to recover its actual allowable costs. The resulting adjustments by the commissioner must be proportional to the

percent of total units of service reimbursed by the commissioner and must reflect a difference of greater than five percent.

(j) A provider may request of the commissioner a review of any rate-setting decision made under this subdivision.

Sec. 3. Minnesota Statutes 2022, section 256B.0625, subdivision 3a, is amended to read:

Subd. 3a. ~~**Sex reassignment surgery**~~ **Gender confirmation services.** ~~Sex reassignment surgery is not covered~~ Medical Assistance covers gender confirmation services.

~~(a) The abortion is a medical necessity. "Medical necessity" means (1) the signed written statement of two physicians indicating the abortion is medically necessary to prevent the death of the mother, and (2) the patient has given her consent to the abortion in writing unless the patient is physically or legally incapable of providing informed consent to the procedure, in which case consent will be given as otherwise provided by law;~~

~~(c) The pregnancy is the result of incest, but only if the incident and relative are reported to a valid law enforcement agency for investigation prior to the abortion.~~

(1) the person suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself that would, as certified by a physician, place the person in danger of death unless the abortion is performed;

(2) the pregnancy resulted from rape;

(3) the pregnancy resulted from incest; or

(4) the abortion is being done for other health or therapeutic reasons.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 6. Minnesota Statutes 2022, section 245A.02, subdivision 10b, is amended to read:

Subd. 10b. **Owner.** "Owner" means an individual or organization that has a direct or indirect ownership interest of five percent or more in a program licensed under this chapter. For purposes of this subdivision, "direct ownership interest" means the possession of equity in capital, stock, or profits of an organization, and "indirect ownership interest" means a direct ownership interest in an entity that has a direct or indirect ownership interest in a licensed program. For purposes of this chapter, "owner of ~~a nonprofit corporation" means the president and treasurer of the board of directors or, for an entity owned by~~ an employee stock ownership plan~~,~~" means the president and treasurer of the entity. A government entity or nonprofit corporation that is issued a license under this chapter shall be designated the owner.

Sec. 7. Minnesota Statutes 2022, section 245A.04, subdivision 1, is amended to read:

Subdivision 1. **Application for licensure.** (a) An individual, organization, or government entity that is subject to licensure under section 245A.03 must apply for a license. The application must be made on the forms and in the manner prescribed by the commissioner. The commissioner shall provide the applicant with instruction in completing the application and provide information about the rules and requirements of other state agencies that affect the applicant. An applicant seeking licensure in Minnesota with headquarters outside of Minnesota must have a program office located within 30 miles of the Minnesota border. An applicant who intends to buy or otherwise acquire a program or services licensed under this chapter that is owned by another license holder must apply for a license under this chapter and comply with the application procedures in this section and section ~~245A.03~~ 245A.043.

The commissioner shall act on the application within 90 working days after a complete application and any required reports have been received from other state agencies or departments, counties, municipalities, or other political subdivisions. The commissioner shall not consider an application to be complete until the commissioner receives all of the required information.

When the commissioner receives an application for initial licensure that is incomplete because the applicant failed to submit required documents or that is substantially deficient because the documents submitted do not meet licensing requirements, the commissioner shall provide the applicant written notice that the application is incomplete or substantially deficient. In the written notice to the applicant the commissioner shall identify documents that are missing or deficient and give the applicant 45 days to resubmit a second application that is substantially complete. An applicant's failure to submit a substantially complete application after receiving notice from the commissioner is a basis for license denial under section 245A.05.

(b) An application for licensure must identify all controlling individuals as defined in section 245A.02, subdivision 5a, and must designate one individual to be the authorized agent. The application must be signed by the authorized agent and must include the authorized agent's first, middle, and last name; mailing address; and email address. By submitting an application for licensure, the authorized agent consents to electronic communication with the commissioner throughout the application process. The authorized agent must be authorized to accept service on behalf of all of the controlling individuals. A government entity that holds multiple licenses under this chapter may designate one authorized agent for all licenses issued under this chapter or may designate a different authorized agent for each license. Service on the authorized agent is service on all of the controlling individuals. It is not a defense to any action arising under this chapter that service was not made on each controlling individual. The designation of a controlling individual as the authorized agent under this paragraph does not affect the legal responsibility of any other controlling individual under this chapter.

(c) An applicant or license holder must have a policy that prohibits license holders, employees, subcontractors, and volunteers, when directly responsible for persons served by the program, from abusing prescription medication or being in any manner under the influence of a chemical that impairs the individual's ability to provide services or care. The license holder must train employees, subcontractors, and volunteers about the program's drug and alcohol policy.

(d) An applicant and license holder must have a program grievance procedure that permits persons served by the program and their authorized representatives to bring a grievance to the highest level of authority in the program.

(e) The commissioner may limit communication during the application process to the authorized agent or the controlling individuals identified on the license application and for whom a background study was initiated under chapter 245C. The commissioner may require

the applicant, except for child foster care, to demonstrate competence in the applicable licensing requirements by successfully completing a written examination. The commissioner may develop a prescribed written examination format.

(f) When an applicant is an individual, the applicant must provide:

(1) the applicant's taxpayer identification numbers including the Social Security number or Minnesota tax identification number, and federal employer identification number if the applicant has employees;

(2) at the request of the commissioner, a copy of the most recent filing with the secretary of state that includes the complete business name, if any;

(3) if doing business under a different name, the doing business as (DBA) name, as registered with the secretary of state;

(4) if applicable, the applicant's National Provider Identifier (NPI) number and Unique Minnesota Provider Identifier (UMPI) number; and

(5) at the request of the commissioner, the notarized signature of the applicant or authorized agent.; and

(6) except for family foster care providers, an email address that will be made public subject to the requirements under section 13.46, subdivision 4, paragraph (b), clause (1), item (i).

(g) When an applicant is an organization, the applicant must provide:

(1) the applicant's taxpayer identification numbers including the Minnesota tax identification number and federal employer identification number;

(2) at the request of the commissioner, a copy of the most recent filing with the secretary of state that includes the complete business name, and if doing business under a different name, the doing business as (DBA) name, as registered with the secretary of state;

(3) the first, middle, and last name, and address for all individuals who will be controlling individuals, including all officers, owners, and managerial officials as defined in section 245A.02, subdivision 5a, and the date that the background study was initiated by the applicant for each controlling individual;

(4) if applicable, the applicant's NPI number and UMPI number;

(5) the documents that created the organization and that determine the organization's internal governance and the relations among the persons that own the organization, have an interest in the organization, or are members of the organization, in each case as provided

or authorized by the organization's governing statute, which may include a partnership agreement, bylaws, articles of organization, organizational chart, and operating agreement, or comparable documents as provided in the organization's governing statute; ~~and~~

(6) the notarized signature of the applicant or authorized agent~~.~~; and

(7) an email address that will be made public subject to the requirements under section 13.46, subdivision 4, paragraph (b), clause (1), item (i).

(h) When the applicant is a government entity, the applicant must provide:

(1) the name of the government agency, political subdivision, or other unit of government seeking the license and the name of the program or services that will be licensed;

(2) the applicant's taxpayer identification numbers including the Minnesota tax identification number and federal employer identification number;

(3) a letter signed by the manager, administrator, or other executive of the government entity authorizing the submission of the license application; and

(4) if applicable, the applicant's NPI number and UMPI number~~.~~; and

(5) an email address that will be made public subject to the requirements under section 13.46, subdivision 4, paragraph (b), clause (1), item (i).

(i) At the time of application for licensure or renewal of a license under this chapter, the applicant or license holder must acknowledge on the form provided by the commissioner if the applicant or license holder elects to receive any public funding reimbursement from the commissioner for services provided under the license that:

(1) the applicant's or license holder's compliance with the provider enrollment agreement or registration requirements for receipt of public funding may be monitored by the commissioner as part of a licensing investigation or licensing inspection; and

(2) noncompliance with the provider enrollment agreement or registration requirements for receipt of public funding that is identified through a licensing investigation or licensing inspection, or noncompliance with a licensing requirement that is a basis of enrollment for reimbursement for a service, may result in:

(i) a correction order or a conditional license under section 245A.06, or sanctions under section 245A.07;

(ii) nonpayment of claims submitted by the license holder for public program reimbursement;

(iii) recovery of payments made for the service;

(iv) disenrollment in the public payment program; or

(v) other administrative, civil, or criminal penalties as provided by law.

EFFECTIVE DATE. The change to paragraph (a) is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2022, section 245A.04, subdivision 4, is amended to read:

Subd. 4. **Inspections; waiver.** (a) Before issuing a license under this chapter, the commissioner shall conduct an inspection of the program. The inspection must include but is not limited to:

(1) an inspection of the physical plant;

(2) an inspection of records and documents;

(3) observation of the program in operation; and

(4) an inspection for the health, safety, and fire standards in licensing requirements for a child care license holder.

(b) The observation in paragraph (a), clause (3), is not required prior to issuing a license under subdivision 7. If the commissioner issues a license under this chapter, these requirements must be completed within one year after the issuance of the license.

(c) Before completing a licensing inspection in a family child care program or child care center, the licensing agency must offer the license holder an exit interview to discuss violations or potential violations of law or rule observed during the inspection and offer technical assistance on how to comply with applicable laws and rules. The commissioner shall not issue a correction order or negative licensing action for violations of law or rule not discussed in an exit interview, unless a license holder chooses not to participate in an exit interview or not to complete the exit interview. If the license holder is unable to complete the exit interview, the licensing agency must offer an alternate time for the license holder to complete the exit interview.

(d) If a family child care license holder disputes a county licensor's interpretation of a licensing requirement during a licensing inspection or exit interview, the license holder may, within five business days after the exit interview or licensing inspection, request clarification from the commissioner, in writing, in a manner prescribed by the commissioner. The license holder's request must describe the county licensor's interpretation of the licensing requirement at issue, and explain why the license holder believes the county licensor's

interpretation is inaccurate. The commissioner and the county must include the license holder in all correspondence regarding the disputed interpretation, and must provide an opportunity for the license holder to contribute relevant information that may impact the commissioner's decision. The county licensor must not issue a correction order related to the disputed licensing requirement until the commissioner has provided clarification to the license holder about the licensing requirement.

(e) The commissioner or the county shall inspect at least ~~annually~~ once each calendar year a child care provider licensed under this chapter and Minnesota Rules, chapter 9502 or 9503, for compliance with applicable licensing standards.

(f) No later than November 19, 2017, the commissioner shall make publicly available on the department's website the results of inspection reports of all child care providers licensed under this chapter and under Minnesota Rules, chapter 9502 or 9503, and the number of deaths, serious injuries, and instances of substantiated child maltreatment that occurred in licensed child care settings each year.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 9. Minnesota Statutes 2022, section 245A.04, subdivision 7, is amended to read:

Subd. 7. **Grant of license; license extension.** (a) If the commissioner determines that the program complies with all applicable rules and laws, the commissioner shall issue a license consistent with this section or, if applicable, a temporary change of ownership license under section 245A.043. At minimum, the license shall state:

(1) the name of the license holder;

(2) the address of the program;

(3) the effective date and expiration date of the license;

(4) the type of license;

(5) the maximum number and ages of persons that may receive services from the program; ~~and~~

(6) any special conditions of licensure~~.~~; and

(7) the public email address of the program.

(b) The commissioner may issue a license for a period not to exceed two years if:

(1) the commissioner is unable to conduct the ~~evaluation or~~ observation required by subdivision 4, paragraph (a), clause ~~(4)~~ (3), because the program is not yet operational;

(2) certain records and documents are not available because persons are not yet receiving services from the program; and

(3) the applicant complies with applicable laws and rules in all other respects.

(c) A decision by the commissioner to issue a license does not guarantee that any person or persons will be placed or cared for in the licensed program.

(d) Except as provided in paragraphs (f) and (g), the commissioner shall not issue or reissue a license if the applicant, license holder, or controlling individual has:

(1) been disqualified and the disqualification was not set aside and no variance has been granted;

(2) been denied a license under this chapter, within the past two years;

(3) had a license issued under this chapter revoked within the past five years;

(4) an outstanding debt related to a license fee, licensing fine, or settlement agreement for which payment is delinquent; or

(5) failed to submit the information required of an applicant under subdivision 1, paragraph (f) ~~or~~, (g), or (h), after being requested by the commissioner.

When a license issued under this chapter is revoked under clause (1) or (3), the license holder and controlling individual may not hold any license under chapter 245A for five years following the revocation, and other licenses held by the applicant, license holder, or controlling individual shall also be revoked.

(e) The commissioner shall not issue or reissue a license under this chapter if an individual living in the household where the services will be provided as specified under section 245C.03, subdivision 1, has been disqualified and the disqualification has not been set aside and no variance has been granted.

(f) Pursuant to section 245A.07, subdivision 1, paragraph (b), when a license issued under this chapter has been suspended or revoked and the suspension or revocation is under appeal, the program may continue to operate pending a final order from the commissioner. If the license under suspension or revocation will expire before a final order is issued, a temporary provisional license may be issued provided any applicable license fee is paid before the temporary provisional license is issued.

(g) Notwithstanding paragraph (f), when a revocation is based on the disqualification of a controlling individual or license holder, and the controlling individual or license holder is ordered under section 245C.17 to be immediately removed from direct contact with

persons receiving services or is ordered to be under continuous, direct supervision when providing direct contact services, the program may continue to operate only if the program complies with the order and submits documentation demonstrating compliance with the order. If the disqualified individual fails to submit a timely request for reconsideration, or if the disqualification is not set aside and no variance is granted, the order to immediately remove the individual from direct contact or to be under continuous, direct supervision remains in effect pending the outcome of a hearing and final order from the commissioner.

(h) For purposes of reimbursement for meals only, under the Child and Adult Care Food Program, Code of Federal Regulations, title 7, subtitle B, chapter II, subchapter A, part 226, relocation within the same county by a licensed family day care provider, shall be considered an extension of the license for a period of no more than 30 calendar days or until the new license is issued, whichever occurs first, provided the county agency has determined the family day care provider meets licensure requirements at the new location.

(i) Unless otherwise specified by statute, all licenses issued under this chapter expire at 12:01 a.m. on the day after the expiration date stated on the license. A license holder must apply for and be granted a new license to operate the program or the program must not be operated after the expiration date.

(j) The commissioner shall not issue or reissue a license under this chapter if it has been determined that a tribal licensing authority has established jurisdiction to license the program or service.

EFFECTIVE DATE. The changes to paragraphs (b) and (d) are effective the day following final enactment.

Sec. 12. Minnesota Statutes 2022, section 245A.07, subdivision 1, is amended to read:

Subdivision 1. **Sanctions; appeals; license.** (a) In addition to making a license conditional under section 245A.06, the commissioner may suspend or revoke the license, impose a fine, or secure an injunction against the continuing operation of the program of a license holder who:

When applying sanctions authorized under this section, the commissioner shall consider the nature, chronicity, or severity of the violation of law or rule and the effect of the violation on the health, safety, or rights of persons served by the program.

(b) If a license holder appeals the suspension or revocation of a license and the license holder continues to operate the program pending a final order on the appeal, the commissioner shall issue the license holder a temporary provisional license. Unless otherwise specified by the commissioner, variances in effect on the date of the license sanction under appeal continue under the temporary provisional license. If a license holder fails to comply with

applicable law or rule while operating under a temporary provisional license, the commissioner may impose additional sanctions under this section and section 245A.06, and may terminate any prior variance. If a temporary provisional license is set to expire, a new temporary provisional license shall be issued to the license holder upon payment of any fee required under section 245A.10. The temporary provisional license shall expire on the date the final order is issued. If the license holder prevails on the appeal, a new nonprovisional license shall be issued for the remainder of the current license period.

(c) If a license holder is under investigation and the license issued under this chapter is due to expire before completion of the investigation, the program shall be issued a new license upon completion of the reapplication requirements and payment of any applicable license fee. Upon completion of the investigation, a licensing sanction may be imposed against the new license under this section, section 245A.06, or 245A.08.

(d) Failure to reapply or closure of a license issued under this chapter by the license holder prior to the completion of any investigation shall not preclude the commissioner from issuing a licensing sanction under this section or section 245A.06 at the conclusion of the investigation.

Sec. 13. Minnesota Statutes 2022, section 245A.07, subdivision 2a, is amended to read:

Subd. 2a. **Immediate suspension expedited hearing.** (a) Within five working days of receipt of the license holder's timely appeal, the commissioner shall request assignment of an administrative law judge. The request must include a proposed date, time, and place of a hearing. A hearing must be conducted by an administrative law judge within 30 calendar days of the request for assignment, unless an extension is requested by either party and granted by the administrative law judge for good cause. The commissioner shall issue a notice of hearing by certified mail or personal service at least ten working days before the hearing. The scope of the hearing shall be limited solely to the issue of whether the temporary immediate suspension should remain in effect pending the commissioner's final order under section 245A.08, regarding a licensing sanction issued under subdivision 3 following the immediate suspension. For suspensions under subdivision 2, paragraph (a), clause (1), the burden of proof in expedited hearings under this subdivision shall be limited to the commissioner's demonstration that reasonable cause exists to believe that the license holder's actions or failure to comply with applicable law or rule poses, or the actions of other individuals or conditions in the program poses an imminent risk of harm to the health, safety, or rights of persons served by the program. "Reasonable cause" means there exist specific

articulable facts or circumstances which provide the commissioner with a reasonable suspicion that there is an imminent risk of harm to the health, safety, or rights of persons served by the program. When the commissioner has determined there is reasonable cause to order the temporary immediate suspension of a license based on a violation of safe sleep requirements, as defined in section 245A.1435, the commissioner is not required to demonstrate that an infant died or was injured as a result of the safe sleep violations. For suspensions under subdivision 2, paragraph (a), clause (2), the burden of proof in expedited hearings under this subdivision shall be limited to the commissioner's demonstration by a preponderance of the evidence that, since the license was revoked, the license holder committed additional violations of law or rule which may adversely affect the health or safety of persons served by the program.

(b) The administrative law judge shall issue findings of fact, conclusions, and a recommendation within ten working days from the date of hearing. The parties shall have ten calendar days to submit exceptions to the administrative law judge's report. The record shall close at the end of the ten-day period for submission of exceptions. The commissioner's final order shall be issued within ten working days from the close of the record. When an appeal of a temporary immediate suspension is withdrawn or dismissed, the commissioner shall issue a final order affirming the temporary immediate suspension within ten calendar days of the commissioner's receipt of the withdrawal or dismissal. Within 90 calendar days after an immediate suspension has been issued and the license holder has not submitted a timely appeal under subdivision 2, paragraph (b), or within 90 calendar days after a final order affirming an immediate suspension, the commissioner shall ~~make a determination regarding~~ determine:

(1) whether a final licensing sanction shall be issued under subdivision 3, paragraph (a), clauses (1) to (5). The license holder shall continue to be prohibited from operation of the program during this 90-day period~~.~~; or

(2) whether the outcome of related, ongoing investigations or judicial proceedings are necessary to determine if a final licensing sanction under subdivision 3, paragraph (a), clauses (1) to (5), will be issued, and persons served by the program remain at an imminent risk of harm during the investigation period or proceedings. If so, the commissioner shall issue a suspension order under subdivision 3, paragraph (a), clause (6).

(c) When the final order under paragraph (b) affirms an immediate suspension or the license holder does not submit a timely appeal of the immediate suspension, and a final licensing sanction is issued under subdivision 3 and the license holder appeals that sanction, the license holder continues to be prohibited from operation of the program pending a final

commissioner's order under section 245A.08, subdivision 5, regarding the final licensing sanction.

(d) The license holder shall continue to be prohibited from operation of the program while a suspension order issued under paragraph (b), clause (2), remains in effect.

~~(d)~~ (e) For suspensions under subdivision 2, paragraph (a), clause (3), the burden of proof in expedited hearings under this subdivision shall be limited to the commissioner's demonstration by a preponderance of the evidence that a criminal complaint and warrant or summons was issued for the license holder that was not dismissed, and that the criminal charge is an offense that involves fraud or theft against a program administered by the commissioner.

Sec. 14. Minnesota Statutes 2022, section 245A.07, subdivision 3, is amended to read:

Subd. 3. **License suspension, revocation, or fine.** (a) The commissioner may suspend or revoke a license, or impose a fine if:

(1) a license holder fails to comply fully with applicable laws or rules including but not limited to the requirements of this chapter and chapter 245C;

(2) a license holder, a controlling individual, or an individual living in the household where the licensed services are provided or is otherwise subject to a background study has been disqualified and the disqualification was not set aside and no variance has been granted;

(3) a license holder knowingly withholds relevant information from or gives false or misleading information to the commissioner in connection with an application for a license, in connection with the background study status of an individual, during an investigation, or regarding compliance with applicable laws or rules;

(4) a license holder is excluded from any program administered by the commissioner under section 245.095; ~~or~~

(5) revocation is required under section 245A.04, subdivision 7, paragraph (d)~~.~~;

(6) suspension is necessary under subdivision 2a, paragraph (b), clause (2); or

(7) for a family foster setting, a license holder, or an individual living in the household where the licensed services are provided or who is otherwise subject to a background study has nondisqualifying background study information, as described in section 245C.05, subdivision 4, that reflects on the license holder's ability to safely provide care to foster children.

A license holder who has had a license issued under this chapter suspended, revoked, or has been ordered to pay a fine must be given notice of the action by certified mail or personal service. If mailed, the notice must be mailed to the address shown on the application or the last known address of the license holder. The notice must state in plain language the reasons the license was suspended or revoked, or a fine was ordered.

(b) If the license was suspended or revoked, the notice must inform the license holder of the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The license holder may appeal an order suspending or revoking a license. The appeal of an order suspending or revoking a license must be made in writing by certified mail or personal service. If mailed, the appeal must be postmarked and sent to the commissioner within ten calendar days after the license holder receives notice that the license has been suspended or revoked. If a request is made by personal service, it must be received by the commissioner within ten calendar days after the license holder received the order. Except as provided in subdivision 2a, paragraph (c), if a license holder submits a timely appeal of an order suspending or revoking a license, the license holder may continue to operate the program as provided in section 245A.04, subdivision 7, paragraphs (f) and (g), until the commissioner issues a final order on the suspension or revocation.

(c)(1) If the license holder was ordered to pay a fine, the notice must inform the license holder of the responsibility for payment of fines and the right to a contested case hearing under chapter 14 and Minnesota Rules, parts 1400.8505 to 1400.8612. The appeal of an order to pay a fine must be made in writing by certified mail or personal service. If mailed, the appeal must be postmarked and sent to the commissioner within ten calendar days after the license holder receives notice that the fine has been ordered. If a request is made by personal service, it must be received by the commissioner within ten calendar days after the license holder received the order.

(2) The license holder shall pay the fines assessed on or before the payment date specified. If the license holder fails to fully comply with the order, the commissioner may issue a second fine or suspend the license until the license holder complies. If the license holder receives state funds, the state, county, or municipal agencies or departments responsible for administering the funds shall withhold payments and recover any payments made while the license is suspended for failure to pay a fine. A timely appeal shall stay payment of the fine until the commissioner issues a final order.

(3) A license holder shall promptly notify the commissioner of human services, in writing, when a violation specified in the order to forfeit a fine is corrected. If upon reinspection the commissioner determines that a violation has not been corrected as indicated by the order

to forfeit a fine, the commissioner may issue a second fine. The commissioner shall notify the license holder by certified mail or personal service that a second fine has been assessed. The license holder may appeal the second fine as provided under this subdivision.

(4) Fines shall be assessed as follows:

(i) the license holder shall forfeit $1,000 for each determination of maltreatment of a child under chapter 260E or the maltreatment of a vulnerable adult under section 626.557 for which the license holder is determined responsible for the maltreatment under section 260E.30, subdivision 4, paragraphs (a) and (b), or 626.557, subdivision 9c, paragraph (c);

(ii) if the commissioner determines that a determination of maltreatment for which the license holder is responsible is the result of maltreatment that meets the definition of serious maltreatment as defined in section 245C.02, subdivision 18, the license holder shall forfeit $5,000;

(iii) for a program that operates out of the license holder's home and a program licensed under Minnesota Rules, parts 9502.0300 to 9502.0445, the fine assessed against the license holder shall not exceed $1,000 for each determination of maltreatment;

(iv) the license holder shall forfeit $200 for each occurrence of a violation of law or rule governing matters of health, safety, or supervision, including but not limited to the provision of adequate staff-to-child or adult ratios, and failure to comply with background study requirements under chapter 245C; and

(v) the license holder shall forfeit $100 for each occurrence of a violation of law or rule other than those subject to a $5,000, $1,000, or $200 fine in items (i) to (iv).

For purposes of this section, "occurrence" means each violation identified in the commissioner's fine order. Fines assessed against a license holder that holds a license to provide home and community-based services, as identified in section 245D.03, subdivision 1, and a community residential setting or day services facility license under chapter 245D where the services are provided, may be assessed against both licenses for the same occurrence, but the combined amount of the fines shall not exceed the amount specified in this clause for that occurrence.

(5) When a fine has been assessed, the license holder may not avoid payment by closing, selling, or otherwise transferring the licensed program to a third party. In such an event, the license holder will be personally liable for payment. In the case of a corporation, each controlling individual is personally and jointly liable for payment.

(d) Except for background study violations involving the failure to comply with an order to immediately remove an individual or an order to provide continuous, direct supervision, the commissioner shall not issue a fine under paragraph (c) relating to a background study violation to a license holder who self-corrects a background study violation before the commissioner discovers the violation. A license holder who has previously exercised the provisions of this paragraph to avoid a fine for a background study violation may not avoid a fine for a subsequent background study violation unless at least 365 days have passed since the license holder self-corrected the earlier background study violation.

EFFECTIVE DATE. Paragraph (a), clause (7), is effective the day following final enactment.

Sec. 19. Minnesota Statutes 2022, section 245A.1435, is amended to read:

245A.1435 REDUCTION OF RISK OF SUDDEN UNEXPECTED INFANT DEATH IN LICENSED PROGRAMS.

(a) When a license holder is placing an infant to sleep, the license holder must place the infant on the infant's back, unless the license holder has documentation from the infant's physician, advanced practice registered nurse, or physician assistant directing an alternative sleeping position for the infant. The physician, advanced practice registered nurse, or physician assistant directive must be on a form ~~approved~~ developed by the commissioner and must remain on file at the licensed location. An infant who independently rolls onto its stomach after being placed to sleep on its back may be allowed to remain sleeping on its stomach if the infant is at least six months of age or the license holder has a signed statement from the parent indicating that the infant regularly rolls over at home.

(b) The license holder must place the infant in a crib directly on a firm mattress with a fitted sheet that is appropriate to the mattress size, that fits tightly on the mattress, and overlaps the underside of the mattress so it cannot be dislodged by pulling on the corner of the sheet with reasonable effort. The license holder must not place anything in the crib with the infant except for the infant's pacifier, as defined in Code of Federal Regulations, title 16, part 1511. The pacifier must be free from any sort of attachment. The requirements of this section apply to license holders serving infants younger than one year of age. Licensed child care providers must meet the crib requirements under section 245A.146. A correction order shall not be issued under this paragraph unless there is evidence that a violation occurred when an infant was present in the license holder's care.

(c) If an infant falls asleep before being placed in a crib, the license holder must move the infant to a crib as soon as practicable, and must keep the infant within sight of the license holder until the infant is placed in a crib. When an infant falls asleep while being held, the license holder must consider the supervision needs of other children in care when determining how long to hold the infant before placing the infant in a crib to sleep. The sleeping infant must not be in a position where the airway may be blocked or with anything covering the infant's face.

(d) When a license holder places an infant under one year of age down to sleep, the infant's clothing or sleepwear must not have weighted materials, a hood, or a bib.

(e) A license holder may place an infant under one year of age down to sleep wearing a helmet if the license holder has signed documentation by a physician, advanced practice

registered nurse, physician assistant, licensed occupational therapist, or licensed physical therapist on a form developed by the commissioner.

~~(d)~~ (f) Placing a swaddled infant down to sleep in a licensed setting is not recommended for an infant of any age and is prohibited for any infant who has begun to roll over independently. However, with the written consent of a parent or guardian according to this paragraph, a license holder may place the infant who has not yet begun to roll over on its own down to sleep in a ~~one-piece sleeper equipped with an attached system that fastens securely only across the upper torso, with no constriction of the hips or legs, to create a~~ swaddle. A swaddle is defined as a one-piece sleepwear that wraps over the infant's arms, fastens securely only across the infant's upper torso, and does not constrict the infant's hips or legs. If a swaddle is used by a license holder, the license holder must ensure that it meets the requirements of paragraph (d) and is not so tight that it restricts the infant's ability to breathe or so loose that the fabric could cover the infant's nose and mouth. Prior to any use of swaddling for sleep by a provider licensed under this chapter, the license holder must obtain informed written consent for the use of swaddling from the parent or guardian of the infant on a form ~~provided~~ developed by the commissioner ~~and prepared in partnership with the Minnesota Sudden Infant Death Center~~.

(g) A license holder may request a variance to this section to permit the use of a cradleboard when requested by a parent or guardian for a cultural accommodation. A variance for the use of a cradleboard may be issued only by the commissioner. The variance request must be submitted on a form developed by the commissioner in partnership with Tribal welfare agencies and the Department of Health.

EFFECTIVE DATE. This section is effective January 1, 2024.

(8) there are no protruding or loose rivets, metal nuts, or bolts on the crib;

(9) there are no knobs or wing nuts on outside crib legs;

(10) there are no missing, loose, or exposed staples; and

(11) the latches on top and side rails used to collapse crib are secure, they lock properly, and are not loose.

(f) If a cradleboard is used in a licensed setting, the license holder must check the cradleboard not less than monthly to ensure the cradleboard is structurally sound and there are no loose or protruding parts. The license holder shall maintain written documentation of this review.

EFFECTIVE DATE. This section is effective January 1, 2024.

In implementing the program, the state agency shall utilize both prepayment and postpayment review systems to determine if utilization is reasonable and necessary. The determination of whether services are reasonable and necessary shall be made by the commissioner in consultation with a professional services advisory group or health care consultant appointed by the commissioner.

(b) Contracts entered into for purposes of meeting the requirements of this subdivision shall not be subject to the set-aside provisions of chapter 16C.

(c) A recipient aggrieved by the commissioner's termination of services or denial of future services may appeal pursuant to section 256.045. Unless otherwise provided by law, a vendor aggrieved by the commissioner's determination that services provided were not reasonable or necessary may appeal pursuant to the contested case procedures of chapter 14. To appeal, the vendor shall notify the commissioner in writing within 30 days of receiving the commissioner's notice. The appeal request shall specify each disputed item, the reason for the dispute, an estimate of the dollar amount involved for each disputed item, the computation that the vendor believes is correct, the authority in statute or rule upon which the vendor relies for each disputed item, the name and address of the person or firm with whom contacts may be made regarding the appeal, and other information required by the commissioner.

(d) The commissioner may select providers to provide case management services to recipients who use health care services inappropriately or to recipients who are eligible for other managed care projects. The providers shall be selected based upon criteria that may include a comparison with a peer group of providers related to the quality, quantity, or cost of health care services delivered or a review of sanctions previously imposed by health care services programs or the provider's professional licensing board.

Sec. 72. Minnesota Statutes 2022, section 256B.064, is amended to read:

256B.064 SANCTIONS; MONETARY RECOVERY.

Subdivision 1. **Terminating payments to ineligible ~~vendors~~ individuals or entities.** The commissioner may terminate payments under this chapter to any person or facility that, under applicable federal law or regulation, has been determined to be ineligible for payments under title XIX of the Social Security Act.

Subd. 1a. **Grounds for sanctions ~~against vendors.~~** (a) The commissioner may impose sanctions against ~~a vendor of medical care~~ any individual or entity that receives payments from medical assistance or provides goods or services for which payment is made from medical assistance for any of the following: (1) fraud, theft, or abuse in connection with the provision of ~~medical care~~ goods and services to recipients of public assistance for which payment is made from medical assistance; (2) a pattern of presentment of false or duplicate claims or claims for services not medically necessary; (3) a pattern of making false statements of material facts for the purpose of obtaining greater compensation than that to which the ~~vendor~~ individual or entity is legally entitled; (4) suspension or termination as a Medicare vendor; (5) refusal to grant the state agency access during regular business hours to examine all records necessary to disclose the extent of services provided to program recipients and

appropriateness of claims for payment; (6) failure to repay an overpayment or a fine finally established under this section; (7) failure to correct errors in the maintenance of health service or financial records for which a fine was imposed or after issuance of a warning by the commissioner; and (8) any reason for which ~~a vendor~~ an individual or entity could be excluded from participation in the Medicare program under section 1128, 1128A, or 1866(b)(2) of the Social Security Act. For the purposes of this section, goods or services for which payment is made from medical assistance includes but is not limited to care and services identified in section 256B.0625 or provided pursuant to any federally approved waiver.

(b) The commissioner may impose sanctions against a pharmacy provider for failure to respond to a cost of dispensing survey under section 256B.0625, subdivision 13e, paragraph (h).

Subd. 1b. **Sanctions available.** The commissioner may impose the following sanctions for the conduct described in subdivision 1a: suspension or withholding of payments to ~~a vendor~~ an individual or entity and suspending or terminating participation in the program, or imposition of a fine under subdivision 2, paragraph (f). When imposing sanctions under this section, the commissioner shall consider the nature, chronicity, or severity of the conduct and the effect of the conduct on the health and safety of persons served by the ~~vendor~~ individual or entity. The commissioner shall suspend ~~a vendor's~~ an individual's or entity's participation in the program for a minimum of five years if the ~~vendor~~ individual or entity is convicted of a crime, received a stay of adjudication, or entered a court-ordered diversion program for an offense related to a provision of a health service under medical assistance, including a federally approved waiver, or health care fraud. Regardless of imposition of sanctions, the commissioner may make a referral to the appropriate state licensing board.

Subd. 1c. **Grounds for and methods of monetary recovery.** (a) The commissioner may obtain monetary recovery from ~~a vendor who~~ an individual or entity that has been improperly paid by the department either as a result of conduct described in subdivision 1a or as a result of ~~a vendor or department~~ an error by the individual or entity submitting the claim or by the department, regardless of whether the error was intentional. Patterns need not be proven as a precondition to monetary recovery of erroneous or false claims, duplicate claims, claims for services not medically necessary, or claims based on false statements.

(b) The commissioner may obtain monetary recovery using methods including but not limited to the following: assessing and recovering money improperly paid and debiting from future payments any money improperly paid. The commissioner shall charge interest on money to be recovered if the recovery is to be made by installment payments or debits,

except when the monetary recovery is of an overpayment that resulted from a department error. The interest charged shall be the rate established by the commissioner of revenue under section 270C.40.

Subd. 1d. **Investigative costs.** The commissioner may seek recovery of investigative costs from any ~~vendor of medical care or services who~~ individual or entity that willfully submits a claim for reimbursement for services that the ~~vendor~~ individual or entity knows, or reasonably should have known, is a false representation and that results in the payment of public funds for which the ~~vendor~~ individual or entity is ineligible. Billing errors that result in unintentional overcharges shall not be grounds for investigative cost recoupment.

Subd. 2. **Imposition of monetary recovery and sanctions.** (a) The commissioner shall determine any monetary amounts to be recovered and sanctions to be imposed upon ~~a vendor of medical care~~ an individual or entity under this section. Except as provided in paragraphs (b) and (d), neither a monetary recovery nor a sanction will be imposed by the commissioner without prior notice and an opportunity for a hearing, according to chapter 14, on the commissioner's proposed action, provided that the commissioner may suspend or reduce payment to ~~a vendor of medical care~~ an individual or entity, except a nursing home or convalescent care facility, after notice and prior to the hearing if in the commissioner's opinion that action is necessary to protect the public welfare and the interests of the program.

(b) Except when the commissioner finds good cause not to suspend payments under Code of Federal Regulations, title 42, section 455.23 (e) or (f), the commissioner shall withhold or reduce payments to ~~a vendor of medical care~~ an individual or entity without providing advance notice of such withholding or reduction if either of the following occurs:

(1) the ~~vendor~~ individual or entity is convicted of a crime involving the conduct described in subdivision 1a; or

(2) the commissioner determines there is a credible allegation of fraud for which an investigation is pending under the program. Allegations are considered credible when they have an indicium of reliability and the state agency has reviewed all allegations, facts, and evidence carefully and acts judiciously on a case-by-case basis. A credible allegation of fraud is an allegation which has been verified by the state, from any source, including but not limited to:

(i) fraud hotline complaints;

(ii) claims data mining; and

(iii) patterns identified through provider audits, civil false claims cases, and law enforcement investigations.

~~Allegations are considered to be credible when they have an indicia of reliability and the state agency has reviewed all allegations, facts, and evidence carefully and acts judiciously on a case-by-case basis.~~

(c) The commissioner must send notice of the withholding or reduction of payments under paragraph (b) within five days of taking such action unless requested in writing by a law enforcement agency to temporarily withhold the notice. The notice must:

(1) state that payments are being withheld according to paragraph (b);

(2) set forth the general allegations as to the nature of the withholding action, but need not disclose any specific information concerning an ongoing investigation;

(3) except in the case of a conviction for conduct described in subdivision 1a, state that the withholding is for a temporary period and cite the circumstances under which withholding will be terminated;

(4) identify the types of claims to which the withholding applies; and

(5) inform the ~~vendor~~ individual or entity of the right to submit written evidence for consideration by the commissioner.

(d) The withholding or reduction of payments will not continue after the commissioner determines there is insufficient evidence of fraud by the ~~vendor~~ individual or entity, or after legal proceedings relating to the alleged fraud are completed, unless the commissioner has sent notice of intention to impose monetary recovery or sanctions under paragraph (a). Upon conviction for a crime related to the provision, management, or administration of a health service under medical assistance, a payment held pursuant to this section by the commissioner or a managed care organization that contracts with the commissioner under section 256B.035 is forfeited to the commissioner or managed care organization, regardless of the amount charged in the criminal complaint or the amount of criminal restitution ordered.

~~(d)~~ (e) The commissioner shall suspend or terminate ~~a vendor's~~ an individual's or entity's participation in the program without providing advance notice and an opportunity for a hearing when the suspension or termination is required because of the ~~vendor's~~ individual's or entity's exclusion from participation in Medicare. Within five days of taking such action, the commissioner must send notice of the suspension or termination. The notice must:

(1) state that suspension or termination is the result of the ~~vendor's~~ individual's or entity's exclusion from Medicare;

(2) identify the effective date of the suspension or termination; and

(3) inform the ~~vendor~~ individual or entity of the need to be reinstated to Medicare before reapplying for participation in the program.

~~(e)~~ (f) Upon receipt of a notice under paragraph (a) that a monetary recovery or sanction is to be imposed, ~~a vendor~~ an individual or entity may request a contested case, as defined in section 14.02, subdivision 3, by filing with the commissioner a written request of appeal. The appeal request must be received by the commissioner no later than 30 days after the date the notification of monetary recovery or sanction was mailed to the ~~vendor~~ individual or entity. The appeal request must specify:

(1) each disputed item, the reason for the dispute, and an estimate of the dollar amount involved for each disputed item;

(2) the computation that the ~~vendor~~ individual or entity believes is correct;

(3) the authority in statute or rule upon which the ~~vendor~~ individual or entity relies for each disputed item;

(4) the name and address of the person or entity with whom contacts may be made regarding the appeal; and

(5) other information required by the commissioner.

~~(f)~~ (g) The commissioner may order ~~a vendor~~ an individual or entity to forfeit a fine for failure to fully document services according to standards in this chapter and Minnesota Rules, chapter 9505. The commissioner may assess fines if specific required components of documentation are missing. The fine for incomplete documentation shall equal 20 percent of the amount paid on the claims for reimbursement submitted by the ~~vendor~~ individual or entity, or up to $5,000, whichever is less. If the commissioner determines that ~~a vendor~~ an individual or entity repeatedly violated this chapter, chapter 254B or 245G, or Minnesota Rules, chapter 9505, related to the provision of services to program recipients and the submission of claims for payment, the commissioner may order ~~a vendor~~ an individual or entity to forfeit a fine based on the nature, severity, and chronicity of the violations, in an amount of up to $5,000 or 20 percent of the value of the claims, whichever is greater. The commissioner may issue fines under this paragraph in place of or in addition to full monetary recovery of the value of the claims submitted under subdivision 1c.

~~(g)~~ (h) The ~~vendor~~ individual or entity shall pay the fine assessed on or before the payment date specified. If the ~~vendor~~ individual or entity fails to pay the fine, the

commissioner may withhold or reduce payments and recover the amount of the fine. A timely appeal shall stay payment of the fine until the commissioner issues a final order.

Subd. 3. ~~**Vendor**~~ **Mandates on prohibited payments.** (a) The commissioner shall maintain and publish a list of each excluded individual and entity that was convicted of a crime related to the provision, management, or administration of a medical assistance health service, or suspended or terminated under subdivision 2. Medical assistance payments cannot be made by ~~a vendor~~ an individual or entity for items or services furnished either directly or indirectly by an excluded individual or entity, or at the direction of excluded individuals or entities.

(b) The ~~vendor~~ entity must check the exclusion list on a monthly basis and document the date and time the exclusion list was checked and the name and title of the person who checked the exclusion list. The ~~vendor~~ entity must immediately terminate payments to an individual or entity on the exclusion list.

(c) ~~A vendor's~~ An entity's requirement to check the exclusion list and to terminate payments to individuals or entities on the exclusion list applies to each individual or entity on the exclusion list, even if the named individual or entity is not responsible for direct patient care or direct submission of a claim to medical assistance.

(d) ~~A vendor~~ An entity that pays medical assistance program funds to an individual or entity on the exclusion list must refund any payment related to either items or services rendered by an individual or entity on the exclusion list from the date the individual or entity is first paid or the date the individual or entity is placed on the exclusion list, whichever is later, and ~~a vendor~~ an entity may be subject to:

(1) sanctions under subdivision 2;

(2) a civil monetary penalty of up to $25,000 for each determination by the department that the vendor employed or contracted with an individual or entity on the exclusion list; and

(3) other fines or penalties allowed by law.

Subd. 4. **Notice.** (a) The department shall serve the notice required under subdivision 2 ~~shall be served~~ by certified mail at the address submitted to the department by the ~~vendor~~ individual or entity. Service is complete upon mailing. ~~The commissioner shall place an affidavit of the certified mailing in the vendor's file as an indication of the address and the date of mailing.~~

(b) The department shall give notice in writing to a recipient placed in the Minnesota restricted recipient program under section 256B.0646 and Minnesota Rules, part 9505.2200. The department shall send the notice ~~shall be sent~~ by first class mail to the recipient's current address on file with the department. A recipient placed in the Minnesota restricted recipient program may contest the placement by submitting a written request for a hearing to the department within 90 days of the notice being mailed.

Subd. 5. **Immunity; good faith reporters.** (a) A person who makes a good faith report is immune from any civil or criminal liability that might otherwise arise from reporting or participating in the investigation. Nothing in this subdivision affects ~~a vendor's~~ an individual's or entity's responsibility for an overpayment established under this subdivision.

(b) A person employed by a lead investigative agency who is conducting or supervising an investigation or enforcing the law according to the applicable law or rule is immune from any civil or criminal liability that might otherwise arise from the person's actions, if the person is acting in good faith and exercising due care.

(c) For purposes of this subdivision, "person" includes a natural person or any form of a business or legal entity.

(d) After an investigation is complete, the reporter's name must be kept confidential. The subject of the report may compel disclosure of the reporter's name only with the consent of the reporter or upon a written finding by a district court that the report was false and there is evidence that the report was made in bad faith. This subdivision does not alter disclosure responsibilities or obligations under the Rules of Criminal Procedure, except that when the identity of the reporter is relevant to a criminal prosecution the district court shall conduct an in-camera review before determining whether to order disclosure of the reporter's identity.

Sec. 73. Minnesota Statutes 2022, section 256B.27, subdivision 3, is amended to read:

Subd. 3. **Access to medical records.** The commissioner of human services, with the written consent of the recipient, on file with the local welfare agency, shall be allowed access in the manner and within the time prescribed by the commissioner to all personal medical records of medical assistance recipients solely for the purposes of investigating whether or not: (a) a vendor of medical care has submitted a claim for reimbursement, a cost report or a rate application which is duplicative, erroneous, or false in whole or in part, or which results in the vendor obtaining greater compensation than the vendor is legally entitled to; or (b) the medical care was medically necessary. When the commissioner is investigating a possible overpayment of Medicaid funds, the commissioner must be given immediate access without prior notice to the vendor's office during regular business hours

and to documentation and records related to services provided and submission of claims for services provided. The department shall document in writing the need for immediate access to records related to a specific investigation. Denying the commissioner access to records is cause for the vendor's immediate suspension of payment or termination according to section 256B.064. All providers receiving medical assistance payments must make those records available immediately to the commissioner upon request. Any records not provided to the commissioner at the date and time of the request are inadmissible if offered as evidence by the provider in any proceeding to contest sanctions against or monetary recovery from the provider. The determination of provision of services not medically necessary shall be made by the commissioner. Notwithstanding any other law to the contrary, a vendor of medical care shall not be subject to any civil or criminal liability for providing access to medical records to the commissioner of human services pursuant to this section.

Sec. 74. Minnesota Statutes 2022, section 524.5-118, subdivision 2a, is amended to read:

Subd. 2a. **Procedure; state licensing agency data.** (a) The court shall request the commissioner of human services to provide the court within 25 working days of receipt of the request with licensing agency data for licenses directly related to the responsibilities of a professional fiduciary if the study subject indicates current or prior affiliation from the following agencies in Minnesota:

(d) If the proposed guardian or conservator has resided in a state other than Minnesota in the previous ten years, licensing agency data under this section shall also include the licensing agency data from any other state where the proposed guardian or conservator reported to have resided during the previous ten years if the study subject indicates current or prior affiliation. If the proposed guardian or conservator has or has had a professional license in another state that is directly related to the responsibilities of a professional fiduciary from one of the agencies listed under paragraph (a), state licensing agency data shall also include data from the relevant licensing agency of that state.
